Bachelor of Behavioural Science

Honours Degree

Program Code: BH411

Campus: Lakeshore

Length: 8 semesters

Humber's Bachelor of Behavioural Science degree program provides you with the knowledge, skills and abilities required for in-demand careers.

Courses in the first two years of the program provide a strong foundation in behaviour analytic approaches, psychology, research methods, and statistics.

Graduates may choose to pursue accreditation as a Board Certified Assistant Behaviour Analyst (BCaBA) through the Behavior Analyst Certification Board (BACB).

As of 2021, the profession of applied behaviour analysis in Ontario will come under the jurisdiction of the newly expanded College of Applied Behaviour Analysts (CABA).

Students will complete a 420-hour field experience across two semesters (210 hours in each 14-week semester) or 420 hours in total over the course of the program.
