Film and Television Production

Advanced Diploma

Program Code: 04831

Campus: North

Length: 6 semesters

Humber's Film and Television Production program is a hands-on media production training program. Since 1968, our program has

In our program you will:

fine tune film and TV production abilities using industry-standard production equipment in large, well-equipped studios and state-of-

gain valuable experience in every aspect of production including scriptwriting, lighting, direction, shooting, post-production, distribu-

complete your education with training in business and marketing, opportunities to connect with industry professionals, and a final-

premiere your work at high-profile program showcase screenings

Films produced in this program have screened at film festivals all over the world. Notable graduates include producer Frank Siraco

Students will participate in a mandatory field experience which takes place in the last semester of study. After completing a field e-

Humber has strong relationships with numerous television and film production, post-production, lighting and sound companies, giv-
