Child and Youth Care

Advanced Diploma

Program Code: CY311

Campus: Lakeshore

Length: 6 semesters

Humber's Child and Youth Care advanced diploma program prepares you to promote the optimal development of children, youth and families.

You will learn that an essential component of professional practice is self-awareness with many courses emphasizing self-reflection and self-advocacy.

Our program is delivered by award-winning faculty, renowned in their field, with current, relevant experience and advanced degrees.

Field experiences with established partnerships are a critical component of this program. There is an exciting variety of innovative placements available.

In Semester 3, the field experience is two days a week for fourteen weeks. In Semesters 5 and 6, the field experience is four days a week for fourteen weeks.
