[Campus: North](#)

[Length: 2 semesters](#)

From the business side of hospitality, Humber's Culinary Skills certificate program prepares you for a career as a professional chef.

Many graduates of this one-year program continue on for another year and complete the Culinary Management diploma program.

The curriculum for this program is similar to the first year of the Culinary Management program. This allows students to transition into the Culinary Management program.

Qualified students will complete a seven-week field experience in Semester 2. This unpaid field experience takes place in the kitchen of a local restaurant.
