Recreation and Leisure Services

Diploma

Program Code: 10301

Campus: North

Length: 4 semesters

Humber's Recreation and Leisure Services diploma program provides you with the skills needed to start your career in government.

The curriculum is designed with industry collaboration, ensuring it is current and relevant. Within the program, students use Active Learning.

Students apply their skills by planning and implementing events for local community and charity organizations. A one-day leadership experience is also included.

Learning from professors, managers and directors of recreation programs, centres, and agencies will give you valuable exposure to the industry.

Qualified students will complete a field experience in Semester 4 – three days per week for 15 weeks (total of 250 hours). The fact that you will have a field experience is a major advantage.
